The Official County Map

The Official County Map is a legal document prepared by the Morris County Planning Board and approved by resolution of the Morris County Board of County Commissioners in accordance with the County Planning Act, N.J.S.A.40:27-5 and 6.

Pursuant to N.J.S.A.40:27-5 and 6, the Board of County Commissioners in any county, after receiving the advice of the County Planning Board, is empowered to adopt and establish and thereafter as often as the Board may deem it for the public interest, to change or to add to an Official County Map, showing the highways, roadways, parks, parkways and sites for public buildings or works, under county jurisdiction, or in the acquisition, financing or construction of which, the County has participated in or may be called upon to participate. Such map shall be deemed to have been established to conserve and promote the public health, safety, convenience, and welfare. No building shall be erected in the bed of any highway adopted and shown as part of the Official County Map unless a permit therefore is issued by the Board of County Commissioners.

There are sections along County Routes that are not under County jurisdiction. While the map intends to show what is under County jurisdiction, it is recommended to contact the Division of Engineering & Transportation to confirm jurisdiction along County Routes.

Official County Map excludes minor county-owned parcels, easements, and use agreements not visible at map scale.

MORRIS COUNTY PLANNING BOARD:
RECOMMENDED FOR APPROVAL ON SEPTEMBER 18, 2025.

Steven Rattner
CHAIRMAN

Rita Gilotti
SECRETARY

MORRIS COUNTY BOARD OF COUNTY COMMISSIONERS

TOTAL Miles				**280.07**

Scheduled County Road Realignments

County Route No.	County Route Names	Extent Limits	Right-of-Way Width (feet)	Length in Miles
517	Schooley's Mountain Road at Camp Washington	500' North of Camp Washington and 200' South of Camp Washington	66 & 99	0.14

Disclaimer:

The right-of-way widths shown on the Official County Map do not in each instance reflect presently existing widths, but do indicate the width of right-of-way required for each road. In areas that are heavily built up with buildings close to the street and narrower rights-of-way, the right-of-way width shown on the Official County Map shall be realized when development or redevelopment takes place.

Along the frontages of certain developed sites and at certain road intersections, rights-of-way may in fact be wider than indicated on the Official County Map. This occurs where provision was made for additional traffic lanes for site access or turning movements. These wider rights-of-way occur infrequently for relatively short distances.
